

Random Matrices

Stochastic Geometry

Compressed Sensing

Spring-Summer School June 20-21-22, 2011

Institut Henri Poincaré, Paris

Accessible lectures

Jared Tanner (U. Edinburgh, UK)

Stochastic geometry and random matrix theory in compressed sensing

Roman Vershynin (U. Michigan, USA)

Introduction to the non asymptotic analysis of random matrices

Organizers

D. Chafaï & A. Pajor (U. Paris-Est Marne-la-Vallée) A. Tsybakov (U. Paris VI & CREST)
